Professional accreditation

The Information Technology major is accredited at professional level by the [Australian Computer Society](#) and, through the Seoul Accord, is recognised in other countries.

The Psychology major is fully accredited by the [Australian Psychology Accreditation Council](#) as a three-year sequence of study.

Program aims

The Bachelor of Arts and Bachelor of Science double degree aims to produce graduates who meet the aims and objectives of both the [Bachelor of Arts](#) and the [Bachelor of Science](#) degree programs. See the handbook descriptions of both degrees for further details.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 07. Graduates at this level will have broad and coherent knowledge and skills for professional work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Program Information Set

View USQ's admission criteria, student profiles and a summary of all offers made under [Course Admission Information Set](#) via the QTAC website.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Have achieved a minimum Overall Position (OP) **15**, tertiary entrance rank **66** or equivalent qualification.[^]
- Applicants must satisfy the requirements for admission to the [Bachelor of Arts](#) and the [Bachelor of Science](#).
- English Language Proficiency requirements for Category 2.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

[^] These are determined by the University for specific programs each Semester. The 2017 OP and tertiary entrance ranks are based on agreed QTAC schedules which assess formal study at Year 12 or [equivalent level](#), tertiary, preparatory, professional or vocational qualifications or work experience, as detailed in the QTAC Assessment of Qualifications Manual and QTAC Assessor Guidelines.

Bonus ranks may help you get into the program of your choice by increasing your OP/Rank. The bonus ranks don't apply to all applicants or all programs. Please read the information on USQ's [Admissions bonus scheme](#) carefully to find out what you may be eligible for.

Program structure

The Bachelor of Arts and Bachelor of Science double degree comprises 32 units as follows:

Core courses	7 units
Arts courses	12 units (1 x 8 unit major + 1 x 4 unit minor, or 1 x 12 unit major)
Science courses	13 units (1 x 8 unit major + 5 units of approved courses from Sciences courses (5 units or (1 x 4 unit minor + 1 unit)), or 1 x 12 unit major + 1 elective unit from Sciences courses)

Required time limits

Students have a maximum of 9 years to complete this program.

Core courses

Students must take 4 core courses from the [Bachelor of Arts](#) and 3 core courses from the [Bachelor of Science](#).

The Bachelor of Arts core courses are:
CMS1000 Communication and Scholarship
HMT1000 History of Western Ideas
HMT2000 Ethical Issues and Human Rights
ISE1000 Introduction to Aboriginal and Torres Strait Island Australia

Students should select their Sciences Foundation Studies core courses according to major, as listed below, except with the permission of the Faculty of Business, Education, Law and Arts.

	Computing, Information Technology, Mathematics and Statistics, Mathematics	Plant Agricultural Science, Environment & Sustainability, Food Science, Human Physiology, Biology, Wine Science	Counselling, Psychology, and Psychology Extended	Physical Sciences
Enabling Studies 1	CSC1401	SCI1001	SCI1001	CSC1401
Statistics	STA2300	STA2300	STA2300	STA2300
Enabling Studies 2	MAT1101	MAT1100 ^{^#}	PSY1030	MAT1100 ^{^#}

Footnotes

[^] If students do not have the recommended Mathematics B level for entry then they will be required to undertake [MAT1000](#) as an elective before they attempt [MAT1100](#).

[#] This course is equivalent to [MAT1500](#).
