Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 09. Graduates at this level will have specialised knowledge and skills for research, and/or professional practice and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an [Australian Psychology Accreditation Council \(APAC\)](#) accredited Masters (coursework) degree in Psychology, or have held General Registration as a Psychologist with the Psychology Board of Australia for a minimum duration of 12 months.
- English Language Proficiency requirements for Category 4.

In addition, applicants must:

- provide two [Referee Reports](#)
- provide a 1-2 page report which addresses the Master of Clinical Psychology - Advanced Entry [Selection Criteria](#)
- be assessed in a face-to-face interview with a panel of School staff, including completion of the USQ Psychology Competency examination
- Provide an academic transcript demonstrating strong academic performance
- provide a CV of their work and study history
 - Applicants who have not completed their four-year bachelor degree or Masters (coursework) in Psychology degree within the last three years, will be required to demonstrate how they have maintained up-to-date knowledge and skills in the area of Psychology .

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

Program fees

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

The Master of Clinical Psychology – Advanced Entry consists of 8 units comprising 6 units of coursework and 2 units of practicum.

The program is designed for full-time or part-time attendance in the on-campus mode or external mode.
