with disabilities and additional learning needs. There is a specific focus on positive behaviour support, autism, differentiation, learning difficulties, wellbeing and trauma-informed practice. This graduate certificate is an entry point to the Master of Education (Special Education), which equips graduates with research skills that can be applied to a research project in special education work contexts.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 09. Graduates at this level will have specialised knowledge and skills for research, and/or professional practice and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- 3-year bachelor degree from an Australian university, or equivalent.
- English Language Proficiency requirements for Category 3.

For applicants who have a bachelor degree or equivalent (AQF level 7) in a non-related discipline from a recognised institution, the Graduate Certificate of Education (Special Education) provides a pathway into the Master of Education. Upon completion and achievement of a minimum GPA of 4.0, students will be eligible for entry into the Master of Education.

Students who complete the Graduate Certificate of Education (Special Education) and maintain satisfactory academic standing (GPA 3.5) but do not achieve a GPA of 4.0 can articulate into the Graduate Diploma of Education. On successful completion of the Graduate Diploma of Education, students can articulate into the Master of Education provided other program entry requirements are met.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Schedules](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).
