

Undergraduate Certificate of Computing/Information Technology (UCCC) - UCertCompIT

You are currently viewing the 2023 Handbook. For study in 2024, please refer to the [2024 UniSQ Handbook](#)

of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 07. Graduates at this level will have broad and coherent knowledge and skills for professional work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Program Information Set

View UniSQ's admission criteria, student profiles and a summary of all offers made under [Course Admission Information Set](#) via the QTAC website.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Admission into this short program is available to eligible Commonwealth Supported applicants, who are aged 17 years or over. UniSQ assumes your knowledge is equivalent to senior high school English (Units 3 & 4, C).

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Schedules](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

Program structure

Students must successfully complete four compulsory core courses before they are able to graduate with the Undergraduate Certificate of Computing/Information Technology.

Required time limits

Students have a maximum of one year to complete this program.

Core courses

There are three compulsory courses:

- [CSC1401 Foundation Programming](#)[£]
- [CIS1000 Digital Disruption](#)[£]
- [CSC2408 Software Development Tools](#)

£ In Semester 3, 2023 this course will be delivered as a Transition (9 week) semester, commencing on 13 November 2023 and concluding on 12 January 2024

With an option of one of two courses:

- [CIS2000 Systems Analysis and Design](#)
- [CSC2406 Web Technology 1](#)

Students aiming to complete the program in one semester will need to take [CSC1401](#) in intensive mode.

IT requirements

For information technology requirements please refer to the [minimum computing standards](#).
